G.C. Maritime Services LLC – your reliable partner in North America

We are providing our customers with the best available maritime network in North America. Our staff of highly qualified engineers and

service technicians are trained and certified by our principals – a variety of leading equipment manufacturers of the maritime industry.

G.C. Maritime Services LLC is an independent company providing the highest quality of services at competitive prices.

Diesel Engine Service

Our fundamental service is providing top quality maintenance and repairs on marine 2- and 4-stroke diesel engines.

General Ship Repair

A wide range of welding repairs can be carried out with class certified welders or with riding teams out of our workshops in Los Angeles and Houston.

Lifeboats and Davits

When it comes to inspections and repairs of lifeboats and davits, we are the leading service provider in the U.S., approved by all leading makers.

Load Tests

Responding to specific customers requirements, we provide an extensive load testing service for both marine and industrial applications.

Spare Parts Distribution

Based on our engineering expertise and maritime network, we supply high quality spare parts at competitive prices.

Safety Equipment

We are an authorized service provider and sales distributor for class certified CSM brand marine inflatable liferafts.
